SUSPENSION SERVICE

For riders and racers.

Bob Riker has been known as the go-to-guy for motorcycle suspension setup in the Pensacola area for nearly 20 years and is a Race Tech certified suspension specialist.

While specializing in motorcycle suspension service, R&R Racing also offers general maintenance and repair services, parts and accessories, and apparel and gear for riders and racers of dirt and street bikes.

For off-road and street bikes.

“Bullet Bob” is well-known among area motocross enthusiasts as a longtime racer and former partner in operating West Florida Motocross Park in Milton, Florida during the 1980s and 1990s.

Street bikers of various makes and models frequent R&R Racing to tune up for weekend rides and long distance excursions. Bob is especially skilled at Gold Wing maintenance and has jockeyed many a twisty mountain mile himself.

For bikers near and far.

For residents of Northwest Florida and South Alabama, R&R Racing is conveniently located near I-10 at 1144 W. Nine Mile Road/Hwy. 90 in Pensacola.

For long distance customers, we provide expeditious mail order service.

For custom suspension setup.

Custom suspension setup and regular service are important whether you are in the dirt on a motocross, enduro or dual sport bike or traversing the highways on a cruiser, touring or sport bike.

Suspension tune-ups and revalving improve handling and safety by optimizing a bike's performance for your size, carry load weight, skill level and riding style.

Installing proper spring rates, based upon your body weight and bike, is the first step to perfecting your riding experience.

Routine maintenance is essential. For moderate riding use, fork and shock oils should be changed at least annually.

SERVICES:

- **FULL SUSPENSION REVALVE**
- **SPRING RATE SETUP**
- **SEAL REPLACEMENT**
- **OIL CHANGE**

*Put safety first and improve your ride
with proper spring rates and
routine R&R suspension service!*
